A spectacularly scenic 20km cycle loop:

Overlooking Clifden Bay, this route rises more than 150m above sea level and has spectacular views over the Atlantic and its Islands Inish Turbot, Turk, Ard Mór and beyond.

You will also see the old ruins of Clifden Castle, former home of John Darcy who founded the town at the start of the 19th century. This cycle brings you to secluded beaches and up close and personal with flora and fauna, wildlife and animals including the famed Connemara ponies, harbour and grey seals and not to mention the odd black faced sheep and maybe even a donkey.
